DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-17, drawn to a system for searching service for specifying a directed search criteria with user specifying search criteria and result parameters, classified in class707, subclass 3.
 - II. Claims 18-20, drawn to a system for creating and adding new meta-document, which is handling one of document (file) maintenance using document service, classified in class707, subclass 200.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instance case, invention I can be used for searching service for specifying a directed search criteria with user specifying search criteria and result parameters. Invention II can be used for creating and adding new meta-document, which is handling one of document (file) maintenance using document service. See MPEP 806.05(d).

3. Because these inventions are distinct for reasons given above and have acquired separate status in the art as shown their different classification, restriction for examination purpose as indicated is proper.

4. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even through the requirement be traversed (37 CFR 1.143).

5. Applicants is reminded that upon the cancellation of claims to be non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48 (b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48 (b) and by the fee required under 37 CFR 1.17 (i).
